"KNOW, O PRINCE, THAT BETWEEN THE YEARS WHEN THE GREAT OCEANS DRANK ATLANTIS AND THE GLEAMING CITIES, AND THE RISE OF THE SONS OF EMAP, THERE WAS AN AGE UNDREAMED OF WHEN SHINING KINGDOMS LAY SPREAD ACROSS THE WORLD — PRATTIA, SEAMUSIA, WALKERIA WHOSE WOMEN WORE SILK AND STEEL AND GOLD, TAKOUSHIS WHOSE MATHEMATICIANS LIVED BENEATH THE ANCIENT BRIDGES OF PEMM, PEARSONIA WITH IT'S DARK HAIRED WOMEN, THE DELICATE LAND OF BOUGHTONAS THAT BORDERED ON THE PROUDEST KINGDOM OF THE WORLD... METCALFEIR.

HITHER CAME RED THE BIG, HUGE JAWED, STRANGE OF EYE, SWORD IN HAND, A THIEF, A REAVER, A SLAYER, (IN FACT, A BLOODY NUISANCE) WITH GIGANTIC MELANCHOLIES AND GIGANTIC MIRTH, TO TREAD THE JEWELLED THRONES OF THE EARTH UNDER HIS MASSIVE FEET AND GENERALLY WANDER ABOUT A BIT."

Gold Collection II cassette for only 45p plus p&p*

Do you own any of these computers?

For everyone who owns one of these versatile home computers, the chance to continuously update your software has arrived at last. The Home Computer Club offers members books and software specifically for the machine they own.

Each item has been carefully chosen to offer the best value and the best quality. All the programs have been checked by our experts to ensure that the operating instructions are clear and easy to follow. You'll save at least 25% – and sometimes up to 50% – on publishers' and recommended prices.

A great club – join now!

There couldn't be a better time to join. This is a special introductory offer.

Choose the version of Gold Collection II for your machine. Your saving for a cassette version will be £17.50 and £18.00 for a disk.

Here's what to do

If you own a Sinclair Spectrum, a Commodore, or an Amstrad 464/664/6128, fill in the coupon and return the Order Card. (No postage stamp is necessary). You will then receive your choice of cassette for 45p or disk for £1.95 (plus p&p*) together with your first copy of the FREE Home Computer Club magazine – Program.

Most items on offer in Program for the Commodore and Amstrad are also offered on disk

Here's what you get

Approximately every 8 weeks you will receive the free club magazine, Program, which contains clear and helpful descriptions of all the books and software offered. Items will be specially chosen from the finest books and software available today and will include a wide range of subjects for the beginner to the advanced programmer, all at savings of 25% to 50%. Your only commitment is to take one item from each Program magazine. The minimum length of your membership is just one year.

Six top titles from the famous US Gold catalogue

Incredible value and enjoyment on one blockbuster tape compilation

Join the Home Computer Club and we promise you the best software at the lowest prices for your home computer. And just to prove we mean what we say, here is your chance to collect six chart-busting arcade titles at a price that we're sure you'll find irresistible.

All the games are from the US Gold stable, the British company that has earned a reputation for scouting out the best games in the world. The US Gold seal is only awarded to those games which satisfy the highest standards of entertainment. We're convinced you'll be delighted at our first Home Computer Club offering.

KUNG-FU MASTER

"Kung-Fu Master is addictive, and needs skill, speed and good timing to be able to master the different levels." *Computing with the Amstrad*

Beach-Head II
ROUND 2

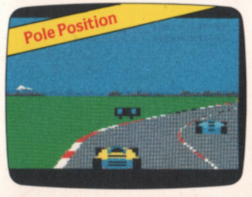
BEACH HEAD II

"A marvellous game – challenging throughout, with excellent graphics and the best software speech I've heard. It deserves to be a great success!" *Your Commodore*

PENTAGRAM

"As is to be expected, the presentation of the game is excellent with large clear 3D graphics and some jolly little tunes including the Ash Grove and Shepherds Hay." *Computer Gamer*

Pentagram
SCORE
000000

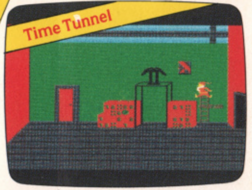


POLE POSITION

"Pole Position holds the honour of being the first decent race simulation game to make it out of the arcades and onto home computers.

It sets the standards others have followed." *Computer & Video Games*

TIME TUNNEL



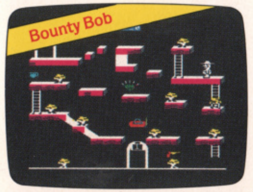
"The graphics are good with some nice detail and use of colour in places. The puzzles are quite challenging and demand much travelling between locations to collect the pieces of the gnome scriptures." *C.T.W.*

COMMODORE 64/128

- Kung Fu Master
- Pole Position
- Time Tunnel
- Desert Fox
- Asylum
- Dragonskulle

BOUNTY BOB

"The game that started the trend for jumping and climbing games and still one of the best. Lovely clear graphics and some very tricky screens." *Computer Gamer*



KNIGHTLORE

"Another 3D graphic adventure from Ultimate with a complex set of obstacles that make playing this game fantastic fun." *Your Editor*

Knightlore

DESERT FOX

"Desert Fox mixes arcade and strategy elements to produce an excellent game which should be pleasing to both arcade and strategy fans." *The Sunday Independent*

ASYLUM

"If you are one of those who love frustrating maze type games then this one is great, good graphics and plenty of walls to bang into." *Pop Comp Weekly*

DRAGONSKULLE

"Like its predecessors, Dragonskulle features good graphics, use of colour, attention to detail and fiendish gameplay throughout." *C.T.W.*

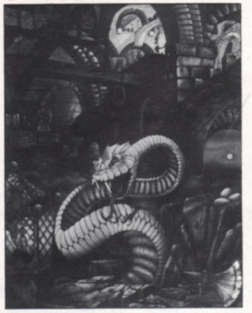
LEVEL 9 ADVENTURES

THE WORM IN PARADISE now available at £9.95

Colossal Adventure



Colossal Adventure is a complete, full-size version of the classic mainframe game "Adventure" with all the treasures, creatures, rooms and puzzles of the original. And we've added 70 bonus locations to the end-game. No one else gives you this.

Visit Colossal Cavern and meet the giant snake, chinese dragon, mercenary Troll and watch out for the knives of the evil dwarfs. No true adventurer should miss this game.

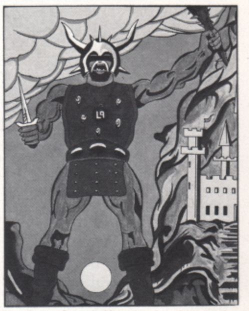
If adventures are your game then this is your adventure" - Home Computing Weekly

Colossal Adventure is one of Practical Computing's Top Ten Games choice for Xmas 83/84: "Poetic, moving and tough as hell"

"**Colossal Adventure** is one of the best in its class. I would recommend it to any adventurer." - Acorn User

Cass. £9.95 (Disks-BBC 8271 dfs/CBM64 £11.95)

Adventure Quest



Adventure Quest. Hundreds of years have passed since the time of Colossal Adventure and evil forces are invading the land. One hope remains: you must discover the Old Roads to the Dark Tower, fortress of the Demon Lord. Only there can you defeat him.

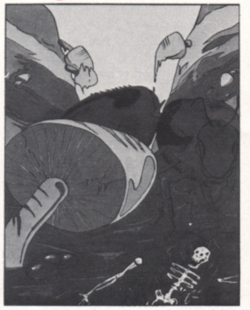
The way is long and dangerous, through 9 different regions of forest, desert, mountain, water, fire etc., but with cunning you can make it to the final confrontation with AGALIAREPT.

"This has always been one of the best adventures for me as it seems to contain the lot. In all it took me about 8 months to solve." - Popular Computing Weekly

"A brilliant adventure that confirms Level 9's place as the ultimate adventure software house" - Computing with the Amstrad

Cass. £9.95 (Disks-BBC 8271 dfs/CBM64 £11.95)

Dungeon Adventure



Dungeon Adventure completes our Middle Earth trilogy. The Demon has been defeated and his Dark Tower cast down. But its dungeons remain, filled with hoarded treasure and magic.

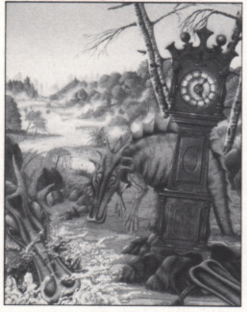
There are just two snags. Other creatures want the loot, as well, and many guardians remain: skeletons, carnivorous jellies, black balls etc. Even an orc or two. Success will not come easily!

"(10/10): *★**£*!!!" (We think he liked it!) - Popular Computing Weekly

"Once again Level 9 has created a wonderful adventure sparking off your imagination and transporting you into a world where electricity bills and mortgages have no place." - MSX Computing

Cass. £9.95 (Disks-BBC 8271 dfs/CBM64 £11.95)

Lords of Time

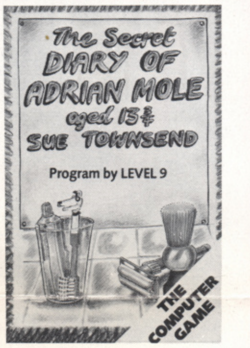


Lords of Time. A band of evil timelords are plotting to alter world history, and Father Time has chosen you to help stop them. This requires 9 symbolic objects from critical times in history.

Chill to the Ice-age, find the first hard disc, get lost in the dark ages and find what the future may have in store. My favorite thing is the woolly jumper (you'll know it when you see it!).

"Level 9 - arguably the producers of the best adventure games in the UK - has done it again. **Lords of Time** is a sparkling addition to its stable of winners, with more than 200 beautifully described locations and a repertoire of witty responses to even the dumbest instruction." - Acorn User

Cass.£9.95 (Disks-BBC 8271 dfs/CBM64 £11.95)



I learned today that I am to be the subject of a computer game. The object of the game is to make me popular with everyone, which sounds dead brilliant. Apparently they've written an enormous programme containing 200 kilos of text, which Brainbox Henderson says is a lot. Now everyone else can have a go at coping with all the problems that beset me over an entire year of my life.

This is a multiple choice illustrated text game for family entertainment and is a change from Level 9's adventure games.

The game is produced by Mosaic Publishing and trade customers should contact WHS Distributors.

Cassette for Amstrad, Atari, BBC, CBM64, MSX and Spectrum £9.95

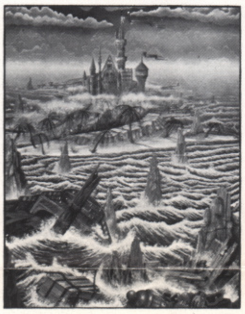
Level 9 adventures are available from good computer shops. If you can't find the game you want please ask them to order it.

You can also buy games directly from us. Just send us a cheque made payable to Level 9 Computing, or a postal order. Don't forget to tell us your address, which computer you have and which game you'd like. (Add £1 for each item if outside the UK.)

ADVENTURES

Emerald Isle



Emerald Isle. Fierce winds seize your aircraft over the Bermuda Triangle and hurl it to destruction. You escape by parachute, floating downwards to the lonely atoll, "Emerald Isle", from which few escape. The only way out is to solve its challenges ....

"**Emerald Isle** is a game which takes all the best aspects of adventuring and moulds them into a huge yet detailed story which will have you engrossed for hours." - Crash

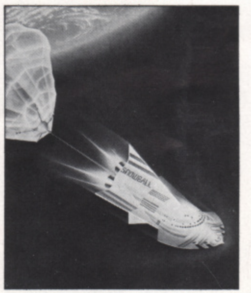
"Another offering from Level 9 of the high standard we've come to expect." - - Computer and Video Games

"**Emerald Isle** is a brilliant adventure, buy it at once." - Sinclair Programs

Emerald Isle has 150+ different pictures in Amstrad, BBC, Commodore 64, MSX and Spectrum versions.

Cass. £6.95

Snowball



The massive starship, **Snowball 9**, is carrying 2 million hibernating colonists to Eden, fertile planet in the Eridani starsystem, in this SF game with thousands of locations. The Snowball has been hijacked and is heading into the sun in the first of our "Silicon Dream" trilogy.

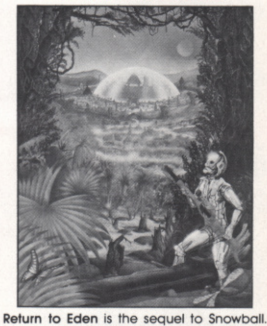
You'll meet Waldroids, Nightingales and other strange robots in this massive science fiction adventure. But the most baffling puzzle, according to many players, is how to use the control room computer.

"I was impressed by the scope, over 7000 locations, the quality of the location descriptions, and the addictiveness. A great many of the Adventures I've played were forgotton as soon as the machine was switched off, this one kept me awake for nights!" - Software Today

Voted "Text Adventure of the Year" - Crash Miçro

Cass. £9.95 (Disks-BBC 8271 dfs/CBM64 £11.95)

Return to Eden



Return to Eden is the sequel to Snowball. Marooned in the deadly paradise of Eden's jungles, you must use the weird plant life to survive. Then tackle the strange robot city to secure the fate of the whole planet.

"Pick of the week... A mandatory purchase for adventure fans everywhere. Tony Bridge will go gaga." - Popular Computing Weekly

"The problems I've encountered so far are typical Level 9 - diverse and cunning! The puns are just as amusing and the plot is one of the best. There's nothing I can say about Return to Eden that hasn't been said about other Level 9 classics, so go out and buy it. It's s another winner from the Austins." - Micro Adventurer

Return to Eden has about 240 pictures in Amstrad, Commodore 64 and Spectrum versions, other versions are text only.

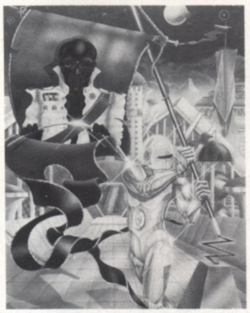
The Worm in Paradise



The Worm In Paradise completes Level 9's Silicon Dream Trilogy - following the award-winning "Snowball" and best selling "Return To Eden".

It features multi-tasking, and with our new command analyser it's even more enjoyable to play.

The Worm In Paradise is Level 9's view of a future state where easy entertainment is found in the amusement arcades and clubs of Eden. Everything is privatised, even the police force, but something has gone wrong and you must beat the system and find the ultimate answer.

Paradise is vividly described and humour is added to irony to make this an enormously entertaining adventure.

The Worm In Paradise has 200+ pictures on the

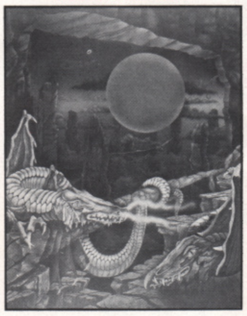
Red Moon



Red Moon re-enacts a tale from the time where magik still worked and when mythical monsters guarded fabulous treasure. You have the use of many weapons and a dozen different magical spells to help you rescue the **Red Moon** Crystal, only source of Magik in the land.

"Yet another brilliantly original adventure from the programmers of what must be **THE** best cassette adventures." - ZZap!64

"A Crash Smash! keeps Level 9 at the top - Red Moon is computer entertainment at its best" - Crash

"a real classic" - Amstrad Action

Red Moon has 150+ pictures in Amstrad, Atari, CBM64, MSX and Spectrum versions.
